

Tensile Test

Test batch number: 2024051510

Test date: 2024-05-15

Experimenter: Lee

Specimen shape: Grade 80 welded D-ring

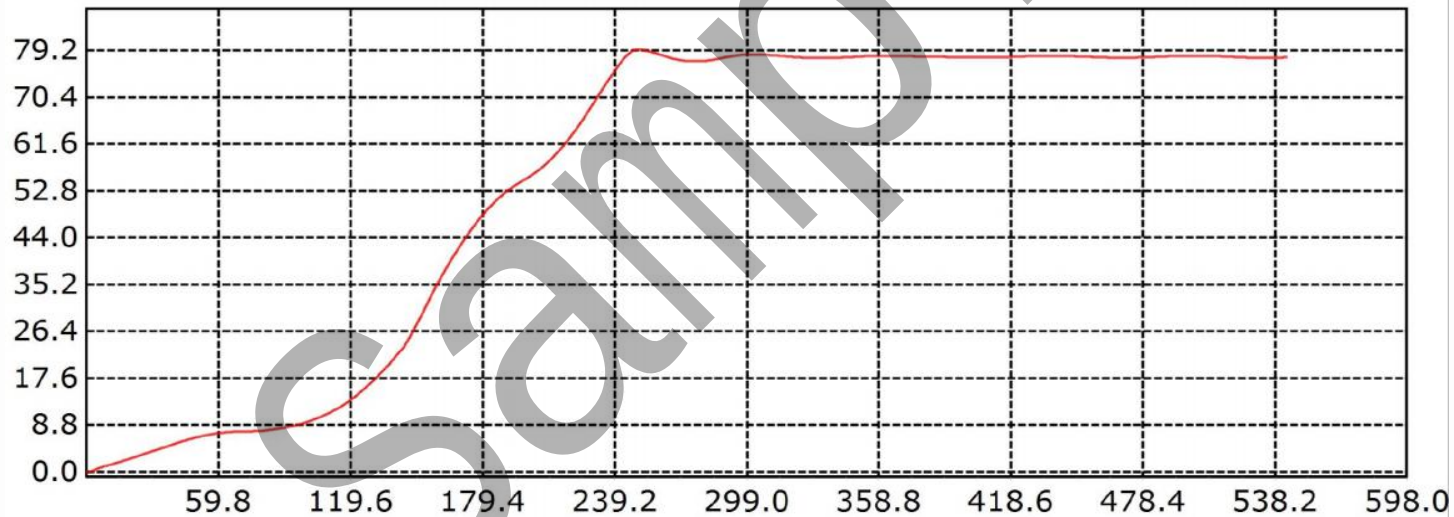

Size(mm): BLT085-02

Rated load: 2T

Theoretical breaking value: 8T

Fm(kN): 79.36

Test Certificate: acc. to DIN EN 1677

* We hereby certify that the data presented above is authentic, valid, and accurate. This document constitutes a translated version of the tensile test example. For reference purposes, the original Chinese version is available upon request.

Test date: 2024/5/15
